Objective

My bachelor's degree specializes in Software Programming and is strategically crafted to establish a robust interdisciplinary skill set essential in today's thriving Internet of Things (IoT) landscape. Through comprehensive instruction in operating systems, programming, hardware, connectivity, and security, I have acquired pertinent proficiencies. These competencies lay a solid groundwork encompassing engineering technology, information technology, and software and information systems.

Education

DeVry University, College of Engineering & Info Science **2025**

Bachelor of Science Computer Information Systems Software Programming

DeVry University, College of Engineering & Info Science **2024**

Associate of Science Information Technology & Networking

DeVry University, College of Engineering & Info Science **2023**

Undergraduate certificate Programming Essentials

GPA 3.78

Quinsigamond Community College **2020**

Associates Liberal Arts

GPA 3.78

Skills & Abilities

- | | | |
|----------|----------------------|-------------------|
| • Python | • OOP | • Problem solving |
| • C | • Visual Studio GUI | • Communication |
| • C# | • Internet Of Things | • Leadership |
| • MySQL | • Management | • Troubleshooting |

Experience

A/Z Corporation | Proposal Assistant **2022 - Present**

- Evaluated more than a hundred project proposals.
- Developed comprehensive project narratives.
- Conducted internal interviews with colleagues.
- Effectively communicated workloads and task assignments within the team.

Ambri Inc | Engineering Technician**2021 -2022**

- Programmed furnace temperature settings, runtimes, and shutdown sequences.
- Conducted rigorous testing procedures for Research & Development batteries.
- Calibrated and validated furnace temperature accuracy for optimal performance.
- Recorded all vital data and essential information from daily tasks into the databases.

Hanover Insurance | Rating Specialist**2021 -2021**

- Determine premiums for small fleet of cars.
- Processes subsequent transactions and policies.
- Maintained a quota while adhering to quality standards.

Hanover Insurance | Dispatcher**2019 -2021**

- Oversaw all daily customer appointments for the appraisers.
- Maintained verbal and written communication to customers and internal staff.
- scheduled appointments in partnership with the adjusters.

Eversource | Data Analyst/Administrative Assistant**2019 -2019**

- Created slide decks for board members.
- Analyzed and cleaned data for presentations.
